Special Issue

Advance in Polymer Composites: Fire Protection and Thermal Management

Message from the Guest Editors

We are pleased to invite you to submit your original research to this *Polymers* Special Issue entitled "Advance in Polymer Composites: Fire Protection and Thermal Management". The aim of this Special Issue is to provide an excellent opportunity for publishing the latest advances, including all aspects of research related to the fire protection, fire retardancy, thermal stability, and thermal management of polymer composites. This Special Issue is open to researchers and authors who wish to submit their research and review articles exploring experimental and numerical analyses in those fields. We encourage sending manuscripts containing scientific findings within the broad fields of the fire protection and thermal management of polymer composites.

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.9.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
