

# Special Issue

## Polymer-Based Flexible Materials, 2nd Edition

### Message from the Guest Editors

This Special Issue of *Polymers* aims to present full research papers, communications, and review articles on the latest advances in the fields of synthesis, characterization, and application of polymer-based flexible materials. Topics that will be covered include, but are not limited to, the synthesis of organic elastomers, conductive polymers, and flexible organic networks; structural characterization; modeling; and applications (i.e., sensor, energy harvesting, energy storage, electromagnetic shielding, and biomedical).

### Guest Editors

Dr. Jiangtao Xu

1. School of Fashion and Textiles, The Hong Kong Polytechnic University, Hong Kong 999077, China
2. College of Materials and Energy, South China Agricultural University, Guangzhou, China

Dr. Sihang Zhang

School of Food Science and Engineering, Hainan University, No. 58 Renmin Avenue, Haikou, China

### Deadline for manuscript submissions

closed (20 February 2025)

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
