

Special Issue

Advances in Thermal Behavior of Polymers and Polymer Composites

Message from the Guest Editors

This Special Issue aims to present original articles or reviews on recent advances in the physical and analytical science of thermal phenomena of polymers and polymer composites. Computational techniques will be considered when it they are linked to new or previously published experimental results. Therefore, the manuscripts are expected to provide important insights into the thermal behavior of the materials in correlation to morphologies and/or related properties for potential applications. The scope includes, but is not limited to, the following main topics:

- New and improved instrumentation and methods for thermal analysis of polymers and polymer composites.
- Thermal properties and behavior of polymers and polymer composites.
- Computational techniques coupled with experimental results on thermal properties of polymers and polymer composites.

Guest Editors

Dr. Mike Jenkins

School of Metallurgy and Materials, University of Birmingham, Birmingham, UK

Dr. Nurul Fatahah Asyqin Zainal

Centre of Foundation Studies (CFS), Universiti Teknologi MARA, Shah Alam, Malaysia

Deadline for manuscript submissions

closed (20 September 2023)

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
