

## Special Issue

# State of the Art and Perspectives of Polymer Science and Technology in China

### Message from the Guest Editors

Polymer science and technology have developed rapidly over the past decade. Aiming at highlighting the state-of-the-art polymer research in China, we are now pleased to announce that the journal of *Polymers* is compiling an exclusive collection of papers from academicians and outstanding scholars in China. This Special Issue will focus on the design, synthesis, performance, and application advances of polymers, new experimental discoveries, and novel technological improvements, with the objective to provide a comprehensive overview of state-of-the-art polymer science and engineering in China. Because of your renowned expertise in this field, we cordially invite you to contribute a paper to this Special Issue. Full papers, communications, and reviews are all welcome. We expect these papers to be widely read and highly influential. All papers in this Special Issue will be well promoted.

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.9.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
