

## Special Issue

# New Trends in Polymer Science: Health of the Planet, Health of the People

### Message from the Guest Editors

This Special Issue is dedicated to the 2nd *Polymers* conference “*Polymers 2022: New Trends in Polymer Science: Health of the Planet, Health of the People*”, organized in collaboration with the MDPI open-access journal *Polymers*. The conference will be held as a three-day event in Turin, Italy, 25–27 May 2022. The broad themes that will be addressed during the conference include synthesis, modification, and characterization of synthetic and natural polymers, polymer hybrids, nanocomposites, polymer biomaterials, polymers in drug delivery and tissue engineering, bio-based and biodegradable polymers, polymer recycling and re-use, functional polymers, and polymers in energy, among others. Participants of the conference are cordially invited to contribute original research papers to this thematic issue. We welcome cutting-edge research in the field of polymer science. Please note that all submissions are subject to a 20% discount on article processing charges (APCs).

### Guest Editors

Prof. Dr. Francesco Trotta

Dr. Pierangiola Bracco

Prof. Dr. Marco Zanetti

### Deadline for manuscript submissions

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.9.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.
