Radiation-Induced Modification in Synthesized Polymeric Nano-Composite Films

Message from the Guest Editor

Polymers (ISSN 0032-3861, IF 4.430), an open access journal, will publish a Special Issue entitled “Preparation and Characterization of Radiation-Induced Polymer Composite Nano-Films”, for which I will be acting as guest editor. The Special Issue will focus on recent progresses in the field of polymer composite nanofilms, improving their performance in numerous industrial applications using irradiation. It is thus my pleasure to invite you to submit a paper to this exciting new Special Issue. The submission deadline is 5 June 2022. I hope this invitation will receive your favorable consideration.

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
