Selected Papers from "CNRS"

Message from the Collection Editor

Present in all fields of science, the CNRS ranks among the world's leading research organizations for its excellent results in research and innovation. The CNRS is thus at the forefront of international rankings: second most visible research institution on the web, fourth in the Nature Index ranking, sixth patent applicant in France and eighth most innovative public research organization. The CNRS employs nearly 32,000 people in the service of research in more than 1100 laboratories for a budget of 3.4 billion euros. This collection aims to highlight the cutting-edge studies of CNRS scientists in the fields of polymer science.

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
