

Special Issue

Drug Delivery and Release Based on Bioactive Polymers

Message from the Guest Editor

Bioactive polymers for drug delivery and release are an important branch of polymers. Bioactive polymers will play an important role in future medical treatments and diagnostics. Their intrinsic properties enable the development of novel drugs and treatments. For these reasons, research on bioactive polymers for drug delivery has been a hot topic, with rapid progress in medical polymers, as well as in biomedical chemistry, although there are still some difficulties in clinical application. This Special Issue is dedicated to exploring the contemporary state of bioactive natural and synthetically derived polymers in biomedical fields, such as tissue engineering, regenerative medicine, bioengineering, targeted drug discovery and delivery, implantation, and wound repair and healing.

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
