

## Special Issue

# Biodegradable Polymers in Textile Industry

### Message from the Guest Editors

This Special Issue on “Biodegradable Polymers in Textile Industry” is dedicated to recent advances in research and development of biodegradable polymers in the textile industry, including, but not limited to, biodegradable and sustainable fibers, yarns and fabrics, functional textile products modified with biodegradable polymers, green textile dyeing and finishing, textile composites fabricated with biodegradable polymers, green textiles, bio-textiles for medical healthcare application, and other new textile technologies and processes based on biodegradable polymers. We invite you to submit research articles or reviews on the latest research work in these areas, with an emphasis on applications in all areas of science and engineering.

### Guest Editors

Prof. Dr. Hong Hu

Institute of Textile and Clothing, The Hong Kong Polytechnic University, Hung Hom, Kowloon, Hong Kong, China

Dr. Yadie Yang

School of Art and Design, Guangdong University of Technology, Guangzhou, China

### Deadline for manuscript submissions

closed (31 July 2022)

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
