Advanced Materials with Application in Modern Medicine

Message from the Guest Editor

Dear Colleague, It has become a tradition for the teaching staff and students of Apollonia University from Iasi to organize the International Congress at the crossroads of the white season and the revival of nature. In the spirit of this tradition, between 28 February and 2 March 2022, the academic community will organize the 32nd edition of the International Congress under the slogan "By promoting excellence, we prepare the future". Authors of selected high-quality papers presented at the congress will be invited to submit their extended version for publishing in this Special Issue of the journal *Polymers* dedicated to API2021. As such, contributions in the form of research or review articles are welcome. All invited articles will undergo a thorough peer-review process. We look forward to receiving your contribution. About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.
