

# Special Issue

## Polymers and Fibers

### Message from the Guest Editor

This Special Issue on “Polymers and Fibers” is dedicated to recent advances in fundamentals and applications of polymeric and fibrous materials, including, but not limited to, synthesis and fabrication from agricultural residues and other renewable sources, cellulose and derivatives, nanocellulose, nanofibers, morphology, structure, physical properties, chemical modification, blends and composites, nanofabrication, biodegradation, analytical and characterization techniques, processing technologies, and traditional and non-traditional applications in textiles, adhesives, flame retardants, antimicrobials, reinforcements, packaging, personal care products, nano applications, etc. We would like to invite scientists from academia, industry, and government to submit research articles or reviews on the latest research work in these fields, with emphasis of applications in a view of public health and environment.

### Guest Editor

Dr. Sunghyun Nam

Cotton Chemistry and Utilization. USDA-ARS Southern Regional Research Center, New Orleans, LA 70124, USA

### Deadline for manuscript submissions

closed (30 April 2022)

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.9.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
