

## Special Issue

# Polymers for Therapy and Diagnostics

### Message from the Guest Editor

As of the Special Issue entitled “Polymers for Therapy and Diagnostics” of *Polymers*, it is my great pleasure to invite you to contribute to this issue with your most recent results in such a fascinating field of research. This Special Issue is an attempt to summarize the developments in the field of polymer chemistry toward the preparation of advanced materials for the treatment and diagnosis of diseases. Reviews and research articles on different aspects of therapeutics, diagnosis, theranostics, and translation are invited for this Special Issue. The official deadline for submission is 31 March, 2018. I look forward to receiving your contribution for the “Polymers for Therapy and Diagnostics” Special Issue in *Polymers*.

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.9.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.
