

Special Issue

Recent Advances in Textiles and Fibers

Message from the Guest Editor

Textiles and fiber sectors employs millions of people worldwide. Recent technological advancement have also added new dimensions in these sectors. The newly developed technical textile and fiber materials have a wide range of applications – ranging from the clothes in your closet to parachutes. This special issue on “Recent Advances in Textiles and Fibers” focuses on state-of-the-art research on fibers, yarn, and fabrics in different technical textiles fields including agro-textiles, and construction textiles. This also includes clothing and footwear applications on or for textiles such as zipper and fasteners, geotextiles, interior textiles, industrial textiles, medical textiles, automotive and aerospace textiles, ecological protection textiles, packaging textiles, sports textiles, and protective textiles. We invite you to submit your research articles or reviews in these areas with special emphasis on multidisciplinary applications of science, engineering and technology.

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
