

Special Issue

Feature Papers of *Poultry*

Message from the Guest Editors

This is a Special Issue of top-quality papers published in Open Access form from top researchers describing new approaches or new cutting-edge developments in the field of poultry science. The scope of this special issue includes, but is not limited to: poultry health and production; poultry pathology; poultry immunology; poultry behaviour and welfare; poultry nutrition; poultry breeding and reproduction; poultry genetic and genomic; poultry husbandry and management; poultry processing and products. We welcome submissions from the Editorial Board Members and from outstanding scholars invited by the Editorial Board and the Editorial Office. You are welcome to send short proposals for submissions of Feature Papers to our Editorial Office (poultry@mdpi.com) for evaluation.

About the Journal

Message from the Editor-in-Chief

Poultry is a newly established, online, open access journal that aims to publish high-quality research on topics in various areas of poultry production and health. This research should reflect the eminent and increasing importance of all poultry species reared for human nutrition. *Poultry* adheres to rigorous peer-review and editorial processes. Containing specialists from different areas in this field of research, the Editorial Board enthusiastically works to safeguard the quality of the review process and your contribution. A dedicated support team from the publisher is available, when required, to offer help and support for specific requests. Equipped with such a wide breadth of knowledge and expertise, *Poultry* should be the landmark for research on poultry science.
