### Message from the Guest Editor

The aim of this Special Issue is to publish state-of-art articles spanning all areas of analytical, theoretical and empirical articles related to sustainable production process improvement. The Special Issue will accept papers addressing a wide spectrum of topics following but not restricted to:

- 1) Benchmarking analysis for sustainable product process improvement
- 2) Optimization model for sustainable product process improvement
- 3) Productivity or efficiency estimation for sustainable product process improvement
- 4) Scheduling optimization for sustainable product process improvement
- 5) Strategies for sustainable product process improvement
- 6) Innovation for sustainable product process improvement

## Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

**Journal Rank:** CiteScore - Q2 (Chemical Engineering (miscellaneous))
