Message from the Guest Editors

The 4th International Conference on Electrical Engineering and Green Energy (CEEGE) will be one of the most recognizable conferences in sustainable energy technologies. It will be held in Munich, Germany from June 10 to 13, 2021. The selected peer-reviewed articles will be recommended for publication in a Special Issue of the journal *Processes* (ISBN: ISSN 2227-9717), which is indexed in well-established databases/archives (SCI, Scopus, etc.).

In this Special Issue, we seek innovative research and case studies that demonstrate the applications and advancements in clean energy technologies for sustainable development.

Deadline for manuscript
submissions:

Message from the Editor-in-Chief

Processes (ISSN 2227-9717) provides an advanced forum for process/systems related research in chemistry, biology, materials and allied engineering fields. Our goals are to publish high impact articles of broad interest to the process systems community and to serve as a forum for major developments in process/systems research. The journal publishes regular research papers, communications, letters, short notes, and reviews. There are no restrictions on the length of published articles or on the use of color illustrations. All submitted manuscripts undergo rigorous peer review prior to publication.
