Special Issue

Sustainable Innovation in the Production of Green Materials for Advanced Technologies

Message from the Guest Editors

Green materials are designed to be either reusable, recyclable, or compostable, or even all three. Waste reduction, smart growth and sustainable development, energy efficiency, and renewable energy are some of the beneficial aspects associated with the development of green materials and their integration into advanced technologies. This Special Issue will cover both experimental and theoretical studies. In this Special Issue, original research articles and reviews are welcome.

Guest Editors

Dr. Navid Aslfattahi Prof. Dr. Kumaran Kadirgama Dr. Lingenthiran Samylingam Dr. Mohammad Reza Chalak Qazani

Deadline for manuscript submissions

15 September 2025

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank: CiteScore - Q2 (Chemical Engineering (miscellaneous))
