

## Special Issue

# Power System Optimization for Energy Storage: Methods and Applications

### Message from the Guest Editors

This Special Issue on “Power System Optimization for Energy Storage: Methods and Applications” seeks high-quality works focusing on optimization methods and applications for energy storage-integrated power systems. The topics include, but are not limited to, the following:

- Energy storage system operation and control technology;
- Economic dispatching for energy storage systems;
- Modeling techniques for energy storage systems;
- Energy storage planning theory and applications;
- Co-optimization technology of multi-type energy storage systems;
- Commercial modes and market mechanism for energy storage systems;
- Energy storage system reliability assessment methods;
- Energy storage system operation and maintenance technology;
- Energy storage system safety and stability;
- Energy storage application in distribution network planning.

---

### Guest Editors

Dr. Hejun Yang

School of Electrical Engineering and Automation, Hefei University of Technology, Hefei 230009, China

Dr. Ning Yan

School of Electrical Engineering, Shenyang University of Technology, Shenyang 110870, China

Dr. Sen Tan

Energy Department, Aalborg University, 9220 Aalborg, Denmark

---

### Deadline for manuscript submissions

15 September 2025

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

#### Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
