

Special Issue

Waste Management and Biogas Production Process and Application

Message from the Guest Editors

This Special Issue focuses on sustainable waste management techniques with a specific interest in the biogas production process and its end use application, as well as the latest advancements. Contributions are invited from researchers and academics, energy process design and engineers, life cycle analysis, economic feasibility and waste management, and environmental sustainability in waste-to-energy research areas.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy
