

## Special Issue

# Carbon Capture, Utilization and Storage: Materials, Processes and Technologies

### Message from the Guest Editors

We welcome submissions of original research articles, reviews, perspectives, and technical notes that contribute to advancing our understanding and implementation of CCUS technologies. All submissions will undergo rigorous peer review to ensure the highest scientific quality and relevance to the theme of this Special Issue. Participating authors will have the opportunity to showcase their work to a diverse audience of peers and stakeholders, fostering collaboration and driving innovation in the field of carbon management. Thank you for your interest in contributing to this important discussion on carbon capture, utilization, and storage. Together, we can work towards a more sustainable and resilient future.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
