Recent Advances in Green Synthesis Catalysis

Message from the Guest Editors

This Special Issue on “Recent Advances in Green Synthesis Catalysis” seeks high-quality research work or reviews on the production and use of green catalysis for producing biofuels and for other energy/environmental purposes. Topics include but are not limited to:

- Green catalysis synthesis.
- Heterogenous catalysts for energy purposes.
- Heterogenous catalysts for environmental purposes.
- Sustainable processes, catalysts and feeds.
- Other green catalysts-related uses.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy
