

Special Issue

Food Processing Technologies Applied to Cereals, Legumes, Oilseeds, Alternative Food Raw Materials and Their Derivatives

Message from the Guest Editors

We are writing to invite you to submit a review or research paper to the upcoming Special Issue –“Cereals, Legumes, Oilseeds, Alternative Food Raw Materials and Their Derivatives Processing” – in the journal *Processes*.

This Special Issue is focused on the characterization of techno-functional properties related to processing technologies for various conventional and alternative raw materials as well as their derivatives (flours, oils and fats, extracts, isolates, etc.), in order to obtain innovative food with improved quality characteristics and good consumers' acceptance.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto
Department of Drug Science and Technology, University of Turin, Via P.
Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
