

## Special Issue

# Advances in CFD Analysis of Convective Heat Transfer

### Message from the Guest Editor

This Special Issue on “Advances in CFD Analysis of Convective Heat Transfer” seeks high-quality manuscripts focusing on the latest and novel developments in this area. Topics include but are not limited to CFD studies on:

- Building HVAC and energy efficiency;
- Urban canopy and urban heat island (UHI) effect;
- Heat dissipation and thermal management;
- Fire-driven flows and heat transfer;
- Pipeline heat transfer in petroleum engineering;
- Boundary layer flows and heat transfer.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
