# Energy Storage System: Integration, Power Quality, and Operation

### Message from the Guest Editor

This Special Issue on “Energy Storage System: Integration, Power Quality, and Operation” aims to promote ESS research on ESS integration technologies, enhancing the quality of power systems with ESS by using various operation algorithms. It also welcomes high-quality studies on various applications of EES, such as Microgrids, VPP, P2P, V2G.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
