

Special Issue

Adsorption and Photocatalysis for Wastewater Treatment

Message from the Guest Editors

Topics include, but are not limited to, methods and/or applications in the following areas:

- Advanced oxidation process;
- Adsorption for water treatment process;
- Photocatalytic water treatment process;
- Adsorption–photocatalytic water treatment process;
- Adsorption–photocatalysis reaction and modelling;
- Green and sustainable synthesis process;
- Scale-up synthesis and reaction;
- Water treatment reactor design;
- Emerging contaminants;
- Water recovery process.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
