

## Special Issue

# Machine-Learning-Assisted Intelligent Processing and Optimization of Complex Systems, 2nd Edition

### Message from the Guest Editors

This Special Issue welcomes the submission of high-quality articles that focus on recent advancements in modeling technology for both machine-learning-assisted intelligent optimization and its applications. The scope of this Special Issue includes, but is not limited to, the following topics:

- Machine-learning-based intelligent processing for modeling complex manufacturing systems;
- Metaheuristic algorithms for system identification and optimization;
- Multisource data fusion for complex industrial systems;
- Mobile computing and sensing for real-time system simulation;
- Distributed multi-agent modeling algorithms and their industrial applications;
- Industrial applications of complex system theory;
- Data-driven intelligent modeling for brain computing;
- Stability and qualitative analysis of complex networks;
- Malware detection and classification for industrial control systems;
- Intelligent control of multi-agent systems;
- The diagnosis and treatment of human brain diseases based on intelligent dynamic modeling;
- Other related topics.

---

### Guest Editors

Prof. Dr. Xiong Luo

School of Computer and Communication Engineering, University of Science and Technology Beijing, Beijing 100083, China

Dr. Manman Yuan

School of Computer Science, Inner Mongolia University, Hohhot 010021, China

---

### Deadline for manuscript submissions

30 July 2026

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Giancarlo Cravotto  
Department of Drug Science and Technology, University of Turin, Via P.  
Giuria 9, 10125 Turin, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

#### Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
