Advanced Separation and Purification Processes

Message from the Guest Editors

We welcome submissions on a variety of topics including, but not limited to, the following:

- Innovative separation techniques and equipment;
- Advances in membrane technology;
- Adsorption and desorption processes;
- Distillation and extraction methods;
- Chromatography and ion exchange;
- Biotechnological separation processes;
- Applications in pharmaceuticals, petrochemicals, and environmental engineering;
- Computational modeling and simulation of separation processes.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
