

## Special Issue

# Commemorative Issue to Celebrate the Life and Work of Prof. Roger W.H. Sargent

### Message from the Guest Editors

In 2019, *Processes* will be publishing a Special Issue to commemorate the life, work, and impact of [Professor Roger W.H. Sargent](#). Professor Sargent worked at Imperial College London for almost 60 years and is widely regarded as the 'academic father' of Process Systems Engineering (PSE). Professor Sargent's impacts have been global. He leaves an immense legacy of many Imperial College PhD graduates and subsequent generations of researchers who in turn have contributed to the expansion of PSE as an influential area within higher education programs, as well as driving industry innovations and performance. This Special Issue seeks to honour Professor Sargent's legacy through insightful technical contributions, as well as through personal reflections of the authors on his impact on their own perspectives, thinking, and practice. The editors ask interested authors to confirm their intention to submit a manuscript by 1st November 2018. The deadline for submission of the manuscript is 31 May 2019.

### Guest Editors

Prof. Dr. Rafiqul Gani

PSE for SPEED Company Ltd. 294/65 RK Office Park, Romklao Road, Ladkrabang, Bangkok 10520, Thailand

Prof. Dr. Ian Cameron

School of Chemical Engineering, Faculty of Engineering, Architecture and Information Technology, The University of Queensland, Brisbane St Lucia, QLD 4072, Australia

### Deadline for manuscript submissions

closed (31 May 2019)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

#### Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
