# Intelligent Decision-Making in Product Design and Industrial Manufacturing

### Message from the Guest Editors

This Special Issue on “Intelligent Decision-Making in Product Design and Industrial Manufacturing” seeks high-quality works focusing on the latest novel advances in intelligent decision-making technology for both product design and manufacturing. Topics include, but are not limited to:

- Data-driven intelligent product design/manufacturing;
- AI-based intelligent product design/manufacturing;
- Cloud/edge/fog computing-enabled intelligent product design/manufacturing;
- Human-machine interaction-based intelligent product design/manufacturing;
- Multi-objective optimization in product design/manufacturing;
- The development of intelligent decision-making systems in product design/manufacturing.

Thank you, and we hope you consider participating in this Special Issue.
