

## Special Issue

# Advances in Computer Vision and Image Processing for Industrial Processes

### Message from the Guest Editor

We invite researchers, practitioners, and industry experts to submit original research articles, reviews, and case studies that showcase these technologies' latest advancements and applications in industrial contexts. Topics of interest include, but are not limited to:

- Industrial Automation and Robotics;
- Quality Control and Inspection;
- Predictive Maintenance and Monitoring;
- Smart Manufacturing and Industry 4.0;
- Augmented and Virtual Reality;
- Data Fusion and Sensor Integration;
- AI and Deep Learning Techniques;
- Human–Machine Interaction;
- Environmental Monitoring and Safety.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
