

Special Issue

Development of Innovative Processes in Food Engineering

Message from the Guest Editors

This Special Issue will provide a platform for high-quality peer-reviewed papers addressing the latest advances in food processing and food engineering at the theoretical, experimental, and applied levels. Researchers are invited to submit papers on novel technologies, computational tools, and system-level developments that enhance product quality, improve resource usage efficiency, and promote sustainability, contributing to global food security. We are currently accepting submissions on, but not limited to, the following topics:

- Emerging Processing Technologies
- Sustainability in Food Engineering toward a Circular Economy
- Digitization and Automation in Food Manufacturing
- Functional Foods and Bioactive Ingredients
- Food Safety, Quality, and Shelf-Life Extension
- Innovative Applications in Bioprocessing
- Cross-Disciplinary Advances in Food Engineering

Guest Editors

Prof. Dr. Jung-Feng Hsieh

Department of Food Science, Fu Jen Catholic University, New Taipei City 242, Taiwan

Dr. Jooyeoun Jung

Department of Food Science and Technology, Oregon State University, 3051 SW Campus Way, Corvallis, OR 97331, USA

Deadline for manuscript submissions

15 September 2025

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
