

Special Issue

Advanced Biodiesel Production Processes

Message from the Guest Editors

This Special Issue aims to publish a comprehensive overview and in-depth technical research papers addressing recent progress in biofuel processes and applications. Studies of advanced techniques and methods for biofuel production and biofuel applications are also welcomed. Research involving experimental and numerical studies, review papers, recent developments, and the current state-of-the-art and emerging technologies in this field are highly encouraged.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
