Biomass Conversion Process and Biorefinery

Message from the Guest Editor

This Special Issue on “Biomass Conversion Process and Biorefinery” aims to collect high-quality research studies addressing challenges on the broad area of integrated thermochemical or biochemical conversion processes of agricultural wastes. Topics include but are not limited to the following:

- Fundamentals of Biomass Conversion
- Biocatalysis (enzyme or microbial) and biotransformations, including immobilized biocatalyst preparation and kinetics
- Biorefining processes for energy, fuels, polymers, and fine chemicals
- Bioresources and Biorefinery Engineering including biomass conversion, biofuels, bioenergy, and optimization
- Industrial Biotechnology including specialty chemicals, platform chemicals and nutraceuticals

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy
