

## Special Issue

# Catalysis in Membrane Reactors

### Message from the Guest Editors

This Special Issue on “Catalysis in Membrane Reactors” is being coordinated with the [14th International Conference on Catalysis in Membrane Reactors](#) (ICCMR-14) which is being held from 8–11 July, 2019 in Eindhoven, The Netherlands. The aim of the ICCMR conference is to promote the research and progress in the area of catalytic membrane systems by bringing together academic scientists and industry working in the membrane, catalysis and process engineering fields. This Special Issue collects works related to membrane reactors and processes related to membranes and membrane reactors. It will also include selected papers from [ICCMR-14](#) conference.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
