

Special Issue

Extraction and Purification of Bioactive Compounds

Message from the Guest Editors

For this Special Issue on “Extraction and Purification of Bioactive Compounds”, we would like to invite researchers to submit original articles and review articles that introduce novel or fundamental extraction and purification methods as well as other processes to obtain common or new bioactive compounds. Topics of interest include, but are not limited to:

- Methodology development of new or enhanced extraction processes for bioactive compounds;
- Methodology development of new or enhanced purification technologies for bioactive compounds;
- Extraction and purification protocols for new bioactive compounds.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
