

Special Issue

Industry 4.0 and Sustainable Supply Chain Management

Message from the Guest Editors

Our aim with this Special Issue is to encourage research that helps answer some of these questions by means of review studies or research papers providing evidence of the relationship between Industry 4.0 technologies and supply chain sustainability.

- sustainable supply chain
- Industry 4.0
- internet of things
- big data
- simulation
- cyber-physical systems
- additive manufacturing
- augmented reality

Guest Editors

Prof. Dr. Eleonora Bottani

Prof. Dr. Barbara Bigliardi

Dr. Giorgia Casella

Dr. Letizia Tebaldi

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto
Department of Drug Science and Technology, University of Turin, Via P.
Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
