

## Special Issue

# Multiphase Reaction Engineering, Reactors and Processes

### Message from the Guest Editors

This special issue on “Multiphase Reaction Engineering, Reactors and Processes” aims to address the recent developments and advancement in the multiphase reactors. Topics include, but are not limited to:

- Fundamental understanding of the multiphase reactors
- Novel multiphase reactors
- Hydrodynamics
- Scale – up methodologies and strategies
- Reactor scale modeling
- CFD modeling and simulation
- Intensification of multiphase reactors

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.
