

Special Issue

Water Soluble Polymers

Message from the Guest Editor

This Special Issue seeks papers that deal with water-soluble polymers. We are particularly interested in receiving manuscripts that integrate experimental and theoretical/computational studies, as well as contributions from industry. We invite not only academics but also researchers and practitioners from related industry to submit manuscripts for this important Special Issue of Processes. (Submission fees might be waived if the review reports/academic decisions are all positive ones).

Guest Editor

Prof. Dr. Alexander Penlidis

Institute for Polymer Research (IPR), Department of Chemical Engineering, University of Waterloo, 200 University Avenue West, Waterloo, ON N2L 3G1, Canada

Deadline for manuscript submissions

closed (30 September 2017)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank:

CiteScore - Q2 (Chemical Engineering (miscellaneous))
