

Special Issue

Feature Review Papers for Prosthesis

Message from the Guest Editors

This Special Issue aims to collect high-quality review papers in the relevant prosthesis research fields. We encourage researchers from various fields within the journal's scope (<https://www.mdpi.com/journal/prosthesis/about>) to contribute review papers that highlight the latest developments in their research field, or to invite relevant experts and colleagues to do so. The topics of this Special Issue include, but are not limited to, the following: limb prosthesis; joint prosthesis; valve prosthesis; maxillofacial prosthesis; prosthodontics; prostheses applied in other body parts; control of prosthesis; prosthesis implantation; prosthetic infection; prosthetic materials; design and manufacturing of prosthesis.
