

Special Issue

Mechanism and Kinetics of Complex Reactions— 2020 Selected Papers from Reactions' Editorial Board Members

Message from the Guest Editors

We are pleased to announce a new Special Issue which is compiling a collection of papers submitted exclusively by its Editorial Board Members (EBMs) covering a specific area of complex reactions. The intention is to address mechanisms of complex chemical reactions with the emphasis on catalytic ones, illustrate how a combination of modern experimental and theoretical methods is bringing forward knowledge about reaction mechanisms and finally link such mechanistic understanding to reaction engineering aspects of complex reactions.

Guest Editors

Prof. Dr. Dmitry Yu. Murzin

Faculty of Science and Engineering, Åbo Akademi University, 20500
Turku, Finland

Dr. Irina L. Simakova

Boriskov Institute of Catalysis, Novosibirsk, Russia

Deadline for manuscript submissions

closed (31 December 2020)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Dmitry Yu. Murzin
Faculty of Science and Engineering, Åbo Akademi University, 20500
Turku, Finland

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), Scopus, EBSCO, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2025).
