

## Special Issue

# Contributions and Challenges of Latinx Global Pentecostalism

### Message from the Guest Editor

From early in its inception, the Pentecostal religious movement has been an integral part of Latinx spirituality. In the Latin American/Caribbean experience, religion has played a vital role, beginning with its indigenous roots, the Spanish colonial legacy, African-based religions brought to the New World, the introduction of U.S. Protestantism in the nineteenth century, and the arrival of Pentecostalism. Historically, Latinx Pentecostalism developed as a global phenomenon. Despite its wide and enduring impact on religious life in the Americas and beyond, the literature on Pentecostalism still has significant research gaps especially in the following areas: ethnographic studies, comparative approaches, and methodological considerations. We wish to solicit for this Special Issue on the contributions and challenges of Latinx Global Pentecostalism research that addresses questions of race, gender, sexuality and ethnicity, as well as specialized papers on issues related to the struggle for integral liberation within a globalized and neo-capitalist world order. Diverse points of view are sought.

## About the Journal

### Message from the Editorial Board

Fresh developments in the disciplines that consistently make significant contributions to our understanding of religious personality, authority, devotion, and community – disciplines ranging from psychology, sociology, and anthropology to history, art history, philosophy, literary criticism, and political science – fuel general, as well as scholarly, interest in the world's religions.

*Religions* is inviting innovative and comparative contributions. Please consider Religions as an exceptional, exciting enterprise ready to reward your trust, attention, and participation.
