

Special Issue

Body in the Bible

Message from the Guest Editor

The body in the Bible is significant materially and symbolically for the Abrahamic religions. Biblical narratives, poetry, and prophetic literature that depict the body have contributed to cultural constructions of gender, sexuality, morality, and divinity. This volume brings together trans-disciplinary and innovative approaches to the discourse of the body in the Bible, its impact on religion in particular, and culture and society in general.

About the Journal

Message from the Editorial Board

Fresh developments in the disciplines that consistently make significant contributions to our understanding of religious personality, authority, devotion, and community – disciplines ranging from psychology, sociology, and anthropology to history, art history, philosophy, literary criticism, and political science – fuel general, as well as scholarly, interest in the world's religions.

Religions is inviting innovative and comparative contributions. Please consider Religions as an exceptional, exciting enterprise ready to reward your trust, attention, and participation.
