

## Special Issue

# Religious Studies on Neoliberalism

### Message from the Guest Editor

“Neoliberalism” is framed by scholars as primarily an economic theory focused on “free market fundamentalism,” it has through the work of Slavoj Žižek (*First as Tragedy, Then as Farce*), Wendy Brown (*Neoliberalism’s Stealth Revolution*), Nancy Fraser (*The Old is Dying and the New Cannot Be Born*), Carl Raschke, (*Neoliberalism and Political Theology*) Quinn Slobodian, (*Globalists*) and Michael Sandel (*The Tyranny of Merit*) inter alia come to be seen as a hegemonic thought structure that legitimates more “progressive” paradigms of transnational “multiculturalist” capitalism while enforcing increasingly rigid class distinctions based on culture and education.

## About the Journal

### Message from the Editorial Board

Fresh developments in the disciplines that consistently make significant contributions to our understanding of religious personality, authority, devotion, and community – disciplines ranging from psychology, sociology, and anthropology to history, art history, philosophy, literary criticism, and political science – fuel general, as well as scholarly, interest in the world's religions.

*Religions* is inviting innovative and comparative contributions. Please consider *Religions* as an exceptional, exciting enterprise ready to reward your trust, attention, and participation.
