Message from the Guest Editors

Dear Colleagues,

The International Symposium on Remote Sensing 2021 (ISRS 2021, <http://isrs.or.kr/>) will be a fully virtual meeting to provide all members of our community with the opportunity to participate in the annual ISRS event. This is the premier symposium that provides all participants with invaluable opportunities for catching up on state-of-the-art techniques and the latest developments in remote sensing but also serves for sharing new ideas and information with colleagues and young scholars engaged in similar studies, research or activity. This Special Issue in *Remote Sensing* is planned in conjunction with ISRS 2021 and will include peer-reviewed feature papers presented at ISRS 2021. In the cover letter, authors should provide the corresponding paper number of ISRS 2021. If this information is not provided, the paper will not be considered as a Special Issue paper.

Prof.Dr. Hyung-Sup Jung

Prof.Dr. Sang-Hoon Hong

Prof.Dr. Jin-Soo Kim

Message from the Editor-in-Chief

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

Journal Rank: JCR - Q1 (*Geosciences, Multidisciplinary*) / CiteScore - Q1 (*General Earth and Planetary Sciences*)
