

Special Issue

Recent Achievements and Future Prospects of Land Surface Temperature (LST) with Remote Sensing

Message from the Guest Editors

This Special Issue mainly focuses on the latest research on land surface temperature (LST) with remote sensing, including but not limited to the recent achievements and future prospects in satellite retrieval, long-term change, and multi-scale variation in LST. Original research articles, review papers, technical notes, and case studies on this topic are welcome.

Guest Editors

Dr. Guocan Wu

Faculty of Geographical Science, Beijing Normal University, Beijing 100875, China

Dr. Jianhui Xu

Guangzhou Institute of Geography, Guangdong Academy of Sciences, Guangzhou 510070, China

Deadline for manuscript submissions

28 February 2026

About the Journal

Message from the Editor-in-Chief

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

Editor-in-Chief

Dr. Prasad S. Thenkabail

Senior Scientist (ST), U. S. Geological Survey (USGS), USGS Western Geographic Science Center (WGSC), 2255, N. Gemini Dr., Flagstaff, AZ 86001, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

Journal Rank:

JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
