

Special Issue

Artificial Intelligence for SAR Applications in Environmental Monitoring

Message from the Guest Editors

In this Special Issue we intend to compile a series of papers that merge the use of SAR images with AI techniques for environmental monitoring. SAR data should be the main focus of the study, but other data sources can also be used in the papers presented. Contributions that present new methodologies in the spatial and/or temporal analysis of SAR images are welcome.

Guest Editors

Dr. Oscar Mora

Cartographic and Geological Institute of Catalonia (ICGC), Barcelona, Spain

Prof. Jordi Vitrià

University of Barcelona, Barcelona, Spain

About the Journal

Message from the Editorial Board

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

Editors-in-Chief

Dr. Prasad S. Thenkabail

Senior Scientist (ST), U. S. Geological Survey (USGS), USGS Western Geographic Science Center (WGSC), 2255, N. Gemini Dr., Flagstaff, AZ 86001, USA

Prof. Dr. Dongdong Wang

Institute of Remote Sensing and Geographic Information Systems, Peking University, Beijing, China

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

Journal Rank:

JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
