

Special Issue

Editorial Board Members' Collection Series: Advances on Signal and Image Processing for Remote Sensing

Message from the Guest Editor

Signal processing is an electrical engineering subfield that focuses on analyzing, modifying, and synthesizing signals, such as sound, images, and scientific measurements. Remote Sensing data can be multidimensional signals, hyperspectral images, time series, radar/Lidar data, GNSS, and video sequences, which could be present and real-time. The main goal of the special issue collection is to address advanced topics related to signal processing, image processing, machine learning, computer vision, and pattern recognition in the Remote Sensing field.

Guest Editor

Prof. Dr. Michael K Ng

Institute of Data Science, Department of Mathematics, The University of Hong Kong, Hong Kong, China

About the Journal

Message from the Editor-in-Chief

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

Editor-in-Chief

Dr. Prasad S. Thenkabail

Senior Scientist (ST), U. S. Geological Survey (USGS), USGS Western Geographic Science Center (WGSC), 2255, N. Gemini Dr., Flagstaff, AZ 86001, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

Journal Rank:

JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
