

Special Issue

Selected Papers from Remote Sensing Science Workshop

Message from the Guest Editor

This Special Issue is created in collaboration with the Remote Sensing Science Workshop (<https://sciforum.net/event/rsswc>), which will be held in Nanjing, Jiangsu, China, on 16 November 2022. The conference participants are cordially invited to contribute a full manuscript to this Special Issue and receive discounts of CHF 500 on the Article Processing Charge. The main sessions of the conference are as follows:

- Remote Sensors, Data Acquisition and Processing;
- Remote Sensing Application.

About the Journal

Message from the Editor-in-Chief

Remote Sensing is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.
