

## Special Issue

# European Remote Sensing- New Solutions for Science and Practice

### Message from the Guest Editors

The Special Issue is a result of the 40th [EARSeL](#) symposium and the accompanying thematic workshops in Warsaw, in 2020. The symposia are annual meetings integrating scientists and practitioners. European Association of Remote Sensing Laboratories invites everybody, who wants to present the newest ideas, solutions and achievements in the fields of: Temporal analysis of image data, cultural and natural heritage, coastal zones, developing countries, education and training, forest fires, forestry, geological applications, imaging spectroscopy, land ice and snow, land use and land cover, radar remote sensing, thermal remote sensing, urban remote sensing, 3D remote sensing, and UAS. We invite all prospective authors to share their work.

---

### Guest Editors

Dr. Bogdan Zagajewski

Department of Geoinformatics, Cartography and Remote Sensing,  
Faculty of Geography and Regional Studies, Warsaw University, Poland,  
ul. Krakowskie Przedmieście 30, 00-927 Warsaw, Poland

Dr. Klaus Komp

European Association of Remote Sensing Laboratories

---

### Deadline for manuscript submissions

closed (31 December 2021)

## About the Journal

### Message from the Editorial Board

*Remote Sensing* is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

---

### Editors-in-Chief

Dr. Prasad S. Thenkabail

Senior Scientist (ST), U. S. Geological Survey (USGS), USGS Western Geographic Science Center (WGSC), 2255, N. Gemini Dr., Flagstaff, AZ 86001, USA

Prof. Dr. Dongdong Wang

Institute of Remote Sensing and Geographic Information Systems, Peking University, Beijing, China

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

#### Journal Rank:

JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
