

## Special Issue

# Application of Artificial Intelligence in Land Use and Land Cover Mapping—3rd Version

### Message from the Guest Editors

We welcome a diverse range of submissions, including original research articles, reviews, letters, technical notes, and highlight articles, covering the following topics:

- Deep learning for hyperspectral and multispectral data analysis;
- Advanced machine learning for LULC classification;
- Transfer learning and domain adaptation techniques;
- Object-based image analysis and pattern recognition;
- Automated change detection and prediction;
- AI-based land cover transition modeling;
- Synthetic dataset generation for training AI models;
- Cloud computing and big data analytics;
- AI for climate change and sustainable development;
- AI-driven deforestation and land degradation monitoring;
- Large language models (LLMs) in geospatial intelligence.

---

### Guest Editors

Dr. Sawaid Abbas

Prof. Dr. Janet Nichol

Dr. Faisal M. Qamer

Dr. Hamid Mehmood

## About the Journal

### Message from the Editorial Board

*Remote Sensing* is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

---

### Editors-in-Chief

Dr. Prasad S. Thenkabail

Senior Scientist (ST), U. S. Geological Survey (USGS), USGS Western Geographic Science Center (WGSC), 2255, N. Gemini Dr., Flagstaff, AZ 86001, USA

Prof. Dr. Dongdong Wang

Institute of Remote Sensing and Geographic Information Systems, Peking University, Beijing, China

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

#### Journal Rank:

JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
